Integrated Company

SOLCOM MEDIA s.r.o., r. s. p. has become a registered integrated company since 23.8.2021.

What it means to be a registered integrated company and be guided by the principles of social economy and contribution to society. In the past, the concept of a sheltered workshop existed if there was an interest in employing people with a certain narrow range of health handicaps. Currently, it is possible to create jobs for a much wider range of people with disabilities, as well as for vulnerable people.

Social entrepreneurship brings an ethical dimension and principle of solidarity to business.

We would like to contribute to local development through our activities and improving the quality of life in both urban and rural areas of Slovakia.

Several visionaries talk about social entrepreneurship as "business for the 21st century".

social entrepreneurship is governed by Law No. 112/2018 Coll. on social economy
